

FOIL LAMINATED SANDWICH WRAPS

Foil laminated wraps are unmatched for their excellent heat retention, moisture barrier, and grease/stain resistance. With excellent dead fold they are the premier wrap for roast beef, fish, chicken, gourmet hamburgers, and BBQ's. The foil is spot laminated with our "Broken Octagon Design" to maximize the foil's ability to retain heat while utilizing the paper's moisture absorption capability. Build higher customer satisfaction when serving fresh hot food in foil laminated wrap.

PREMIER WRAP

Code No.	Description	Pack	Cs Wt	Cube	Inside Design

GREEN WACKS EARTH FRIENDLY WRAPS

Handy Wacks is proud to introduce a new line of Eath Friendly Deli Paper. These products will help lessen the amount of unwanted chemicals that go into our landfills. The paper is chlorine-free. The wax has been reformulated, adding soy to the blend, therefore decreasing the amount of petroleum. The packaging utilizes 100% recycled paperboard.
